child molesting priests embezzled church treasures philandering ministers and rabbis even church endorsed pyramid schemes that defraud gullible parishioners of millions of dollars for the past decade clergy misconduct has seemed continually to be in the news is there something about religious organizations that fosters such misbehavior bad pastors presents a range of new perspectives and solidly grounded data on pastoral abuse investigating sexual misconduct financial improprieties and political and personal abuse of authority rather than focusing on individuals who misbehave the volume investigates whether the foundation for clergy malfeasance is inherent in religious organizations themselves stemming from hierarchies of power in which trusted leaders have the ability to define reality control behavior and even offer or withhold the promise

of immortality arguing that such phenomena arise out of organizational structures the contributors do not focus on one particular religion but rather treat these incidents from an interfaith perspective bad pastors moves beyond individual case studies to consider a broad range of issues surrounding clergy misconduct from violence against women to the role of charisma and abuse of power in new religious movements highlighting similarities between other forms of abuse such as domestic violence the volume helps us to conceptualize and understand clergy misconduct in new ways

thomas more utopia francis bacon new atlantis henry neville the isle of pines with the publication of utopia 1516 thomas more introduced into the english language not only a new word but a new way of thinking about the gulf between what ought to be and what is his utopia is at once a scathing analysis of the shortcomings of his own society a realistic suggestion for an alternative mode of social organization and a satire on unrealistic idealism enormously influential it remains a challenging as well as a playful text this edition reprints ralph robinson s 1556 translation from more s original latin together with letters and illustrations that accompanied early editions of utopia utopia was only one of many early modern treatments of other worlds this edition also includes two other hitherto less accessible utopian narratives new atlantis 1627 offers a fictional illustration of francis bacon s visionary ideal of the role that science should play in the modern society henry neville s the isle of pines 1668 a precursor of defoe s robinson crusoe engages with some of the sexual racial and colonialist anxieties of the end of the early modern period together these texts illustrate the diversity of the early modern utopian imagination as well as the different purposes to which it could be put about the series for over 100 years oxford world s classics has made available the widest range of literature from around the globe each affordable volume reflects oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

the idea of utopia springs from a natural desire of transformation of evolution pertaining to humankind and therefore one can find expressions of utopian desire in every civilization having to do explicitly with human condition utopia accompanies closely cultural evolution almost as a symbiotic organism maintaining its roots deeply attached to ancient myths utopian expression followed and sometimes preceded cultural transformation through the next almost five hundred pages virtually one for each year since utopia was published researchers in the fields of architecture and urbanism arts and humanities present the results of their studies within the different areas of expertise under the umbrella of utopia past present and future come together in one book they do not offer their readers any golden key many questions will remain unanswered as they should the texts presented in proportion harmonies and identities utopia s worlds and frontiers of the imaginary were compiled with the intent to establish a platform for the

presentation interaction and dissemination of researches it aims also to foster the awareness and discussion on the topics of harmony and proportion with a focus on different utopian visions and readings relevant to the arts sciences and humanities and their importance and benefits for the community at large

zygmunt bauman is one of the most inspirational and controversial thinkers on the scene of contemporary sociology for several decades he has provided compelling analyses and diagnoses of a vast variety of aspects of modern and liquid modern living this book considers the theoretical significance of his contribution to sociology but also discusses and adopts a critical stance towards his work the sociology of zygmunt bauman introduces and critically appraises some of the most significant as well as some of the lesser known of bauman s contributions to contemporary sociology an international team of scholars delineates and discusses how bauman s treatment of these themes challenges conventional wisdom in sociology thereby revising and revitalizing sociological theory as a special feature the book concludes with bauman s intriguing reflections and contemplations on his own life and intellectual trajectory published here for the first time in english in this postscript aptly entitled pro domo sua about myself he describes the pushes and pulls that throughout the years have shaped his thinking

in making wonderful martin m tweedale tells how an ideology in the west energized an economic expansion that has led to ecological disaster he takes us back to the rise of cities and autocratic rulers analyzing how respect for custom and tradition gave way to the dominance of top down rational planning and organization then in response came a highly attractive myth of an eventual future rid of all of humankind s ills one in which life would be made wonderful originating in zoroastrianism and through jewish apocalyptic works flowing into early christianity this myth produced utopian beliefs that set the west apart from the other civilizations tweedale shows how these beliefs became popular among western elites in the early modern period and eventually resulted in the distinctly western doctrine of progress this doctrine an almost religious faith in the capacity of science and technology to improve human life released economic expansion from traditional constraints and has led to our current environmental emergency exploring sources from philosophy religion and the history of ideas making wonderful is for all readers who are intellectually curious about the roots of our eco catastrophe

the urkommunismus the ideal place the common place the utopia the pure place of origin presides over every mysterious therefore political penal social financial institutional corporate doctrine and dictates its canons formulas algorithms it is the reference of every bureaucracy in its sacrificial penal ceremonial on the principle of nothingness every regime unravels the fear of the word to confiscate life ideally and really both to the east and to the west in this book the analysis and reading are performed of the writings called founding which mark our age weighing down in its models and its offices the result is the
